 Interior: 17'10"L x 7'6"W x 7'5"H
 Door Opening: 7'6"W x 7'5"H

Forklift pockets: 14"W x 4.5"H
 Fork spread: 80"W center to center

Weight: 6,190 LBS
 Payload: 61,010 LBS

POLYURETHANE INSULATION

This container is fully insulated with spray foam polyurethane for better climate control.

ALUMINUM EXTERIOR

The reefer container is built with an aluminum exterior that is durable and insulated to withstand the Canadian climate and harsh conditions during marine travel.

LASHING BARS

2 lashing bars installed inside the container on each side. These allow you to securely strap down the contents inside the container during transport.

ALUMINUM SCUFF LINER

Installed inside the container to protect the floor against damage when loading / unloading cargo.

FORKLIFT POCKETS

Facilitate easy loading and unloading.

STAINLESS STEEL INTERIOR

The interior of the container is built with food-grade stainless steel that is durable and easy to clean and maintain.

AUTOMATIC FLOOR DRAINS

4 drains are installed (2 in the front, 2 in the rear) within the floor of the container. They automatically open and close to allow seepage to escape.
