

### CORNER CASTING

The corner posts allow the job box to be easily handled on site with proper lifting points.

### 20' SHIPPING CONTAINER

The 20ft mobile office container is built from a retrofitted new 20ft std shipping container made of corrugated CORTEN steel. The 20' length is the optimal size for interior space and overall footprint on the job site.

### AIR CONDITIONING UNIT

An 8,000 BTU air conditioning unit is installed in the front wall to regulate the interior temperature.

### ELECTRICAL

240V entrance, 100 AMP.

### CONTAINER DOORS

Container doors non-functional, welded shut for security.

### INDUSTRIAL MAN DOOR

Industrial grade man door and hardware, designed to endure job site wear and tear.

### PAINT

The 20ft job box is painted with low VOC, water-based paint and zinc-enriched primer to ensure maximum resistance to the elements.

### FORKLIFT POCKETS

Facilitate easy onsite transportation or between job site locations.

### PVC WINDOWS WITH SCREEN

All job boxes are equipped with 2 x full PVC windows for extra visibility to outside on the job site. Dimensions: 44"W x 42"H.

## WEIGHT & DIMENSIONS

Exterior: 20'L x 8'W x 8'6"H  
Interior: 19'4"L x 7'4"W x 7'7"H

Forklift pockets: 14"W x 4"H  
Fork spread: 82"W center to center

Weight: 4,900 LBS

### LIGHT FIXTURES

Affixed to the ceiling of the container are 2 x 4' T8 fluorescent light strips.

### URETHANE INSULATION

The walls, ceiling, and the floor are insulated with 2" of spray foam urethane for optimal comfort.

### FULL PVC WINDOWS

All job boxes are equipped with two full PVC windows for extra visibility to outside on the job site.

### WALL FINISHING

The walls are lined in a mold resistant, laminated panel, with an easy to clean vinyl finish.

### AIR CONDITIONING UNIT

An 8,000 BTU air conditioning unit is installed in the front wall.

### ELECTRICAL OUTLETS

Includes 4 outlets of 120V, 15AMP.

### HEATING

Two baseboard heaters of 150W each to provide comfort in cold winter months.

### VINYL FLOORING

The floors are finished of an extremely durable, solid vinyl material that can withstand the harsh job site conditions and are easy to clean.
