

CORNER CASTINGS
Easy stacking and lifting points.

3 x 10' ROLL-UP DOORS
The 3 corrugated steel roll-up doors installed on the container are 10' length each. They assist with access to the contents stored inside the container and facilitate easy loading and unloading materials within. They can also be locked for added safety.

CORTEN STEEL
Known for its unique rust-inhibitive properties, it gives containers durability and resistance to the elements.

WEATHERPROOF VENTS
Help reduce heat, humidity and prevent condensation from forming during storage.

SECURE LOCKBOX
Features a thick metal casing to protect the padlock from bolt cutters and other break-in tools.

LIGHT GRAY PAINT
The light gray tone of our rental fleet provides a professional and neutral appearance that allows the container to blend in with its surroundings.

MARINE GRADE FLOORING
Consists of 1.1" thick, 19-ply marine grade plywood that can support up to 62,380lbs of payload. ATS rental units are coated with polyurethane for increased durability and a cleaner finish.

WEIGHT & DIMENSIONS
