# 20 FT Mobile Office Container

### CORNER CASTINGS
Easy stacking and lifting points.

### PVC WINDOWS
All job boxes are equipped with 2 x full PVC windows for extra visibility to outside on the job site. Dimensions: 46"W x 43"H. Both windows feature protective steel grilles for added security.

### CORTEN STEEL
Known for its unique rust-inhibitive properties, it gives containers durability and resistance to the elements.

### WEATHERPROOF VENTS
Help reduce heat, humidity and prevent condensation from forming during storage.

### CONTAINER DOORS
Container doors non-functional and welded shut for added security. Interior walls are fully finished for a clean, polished indoor look.

### FORKLIFT POCKETS
Facilitate easy loading and unloading.

### INDUSTRIAL MAN DOOR
Industrial grade man door and hardware, designed to endure job site wear and tear.

### PAINT
The 20ft job box is painted with low VOC, water-based paint and zinc-enriched primer to ensure maximum resistance to the elements.

# 20 FT Mobile Office Container

**LIGHT FIXTURES**
All job boxes are equipped with 2 x 4’ Led light strips

**URETHANE INSULATION**
The walls, ceiling, and the floor are insulated with 2" of spray foam urethane for optimal comfort.

**WALL FINISHING**
The walls are lined in a mold resistant, laminated panel, with an easy to clean vinyl finish.

**AIR CONDITIONING UNIT**
An 8,000 BTU air conditioning unit is installed in the front wall.

**PUSH BAR**
Meets commercial safety standards for exit and emergency applications

**HEATING**
Two baseboard heaters of 1500W each to provide comfort in cold winter months.

**ELECTRICAL OUTLETS**
Includes 4 outlets of 120V, 15AMP.

**VINYL FLOORING (optional add-on)**
The Job Box comes with a standard plywood floor. An upgraded solid vinyl floor finish is also available as an optional add-on at extra cost. This durable vinyl surface is easy to clean and built to handle demanding job site conditions.

# 20 FT Mobile Office Container

INCLUDED

## ELECTRICAL PANEL

Electrical kit with 240V service entrance and 100-amp panel, wall-mounted for easy access. Built to meet Canadian electrical standards, it provides a practical and reliable power distribution solution for container offices and modified units.

OPTIONAL ADD-ON

## AIR CONDITIONER PROTECTIVE CAGE

Heavy-duty metal outdoor air conditioner protective cage designed to help shield the unit from impacts, tampering, and outdoor wear. Built for added safety and durability, it provides strong protection while allowing proper airflow and easy access for maintenance.

OPTIONAL ADD-ON

## HEAVY-DUTY SECURITY WINDOW SCREEN

Heavy-duty steel security window screen designed to help protect the window from outdoor impacts, accidental damage, and unauthorized tampering. Built for added safety and durability, it provides a strong protective barrier while maintaining airflow and visibility.
